

Caribbean Steel Beat

Our roster of NYC-area Steel Drummers consists of only those prepared to meet both the entertainment and business needs of today's selective clients. Caribbean Steel Beat is divided into four small groups ranging from 2 to 5 pieces, including musicians from the Islands as well as American musicians, complemented by Steel Drums and Caribbean lead vocals. Please refer to our video samples to experience some of these groups. You will find it under Cocktail Hour and Small Groups. These groups are the perfect compliment to wedding cocktail hours, pool side parties, Corporate events, etc. For full wedding events and larger Corporate parties, please refer to our group "Pearl" which features the best of popular music as well as a Caribbean flavor.
